ABOUT THE CONFERENCE

The California State Council of SHRM (CalSHRM) is the official California state affiliate of the Society for Human Resource Management, the world's largest association devoted to human resource management. The 2024 California State HR Advocacy & Legislative Conference is where key business decision makers, business owners, senior level officers, mid-level management and human resource professionals come to learn about important California and federal legislation and employment issues that are or will be impacting their business in the future.

- For over 10 years, attendees from across California have gathered to learn and to discuss critical issues of concern for California employment and business. In these challenging times of economic volatility in California, CalSHRM is dedicated to bringing the state's business and HR professionals the most comprehensive and current content available from expert sources.
- Our conference brings acclaimed employment law attorneys, national speakers and SHRM experts to the podium delivering powerful and impactful presentations on ever changing employment laws and legislative issues, as well as the role of HR practitioners and business leaders in these unique times. This unique conference also offers many attendees the opportunity to visit the State Capitol and meet with legislators to discuss and bring enlightenment on employment issues impacting employees and employers in California. This 2.5-day conference, beginning at 12:00 pm on April 17, 2024 and ending at 1:15 pm on April 19, 2024 provides a reception for attendees to meet with speakers and network with peers in a social environment.
- Our location is the beautiful Sheraton Grand Sacramento conveniently located off Interstate 5 in downtown Sacramento just steps from the Capitol.
